

Wednesday 18 February 2009

- 7:30 am Registration opens
- 9:00 am - 12:10 pm Long-term Ecological Research Symposium
- 9:00 am - 5:00 pm Amphibians and Forest Management Symposium
Invasive Species Research and Management
- 9:00 am - 5:10 pm Symposium
Amphibians and Forest Management Poster Session and
no-host bar
- 5:30-7:00 pm
- 7:00 - 8:30 pm SNVB board meeting

Thursday 19 February 2009

- 7:30 am Registration opens
- 9:00 - 9:15 am Introductions & Welcome
- 9:15 - 10:30 am Plenary Session
- 10:30 - 11:00 am coffee break
- 11:00 - 12:20 pm concurrent session -
Avian Response to Forest Management
- 11:00 - 12:20 pm concurrent session - Conservation and Recovery
- 12:20 - 1:20 pm lunch (provided; SNVB and WA TWS member lunch)
- 1:20 - 2:40 pm concurrent session - Foundations of Conservation
- 1:20 - 2:40 pm concurrent session -
Connectivity and Road Dynamics
- 2:40 - 3:10 pm coffee break
- 3:10 - 4:30 pm concurrent session - Open Landscapes
- 3:10 - 4:30 pm concurrent session - Wetlands and Streams
- 5:30 - 7:00 pm poster session, silent auction and no-host bar social
Banquet - Steven Beissinger, raffle, auction results,
awards
- 7:00 - 10:00 pm

Friday 20 February 2009

- 7:30 am Registration opens
- 9:00 - 10:00 am concurrent session - Amphibian Populations
- 9:00 - 10:00 am concurrent session - Population Sustainability
- 10:00 - 10:30 am coffee break
- 10:30 - 12:10 am concurrent session -
Perspectives in Wildlife Management

Amphibians and Forest Management Symposium
Wednesday, February 18th

9:00-9:10 am	A.J. Kroll	Introduction
9:10-9:30 am	Lowell Diller, Green Diamond	Challenges of monitoring headwater amphibians
9:30-10:00 am		Discussion
10:00-10:30 am	BREAK	
10:30-10:50 am	Craig Steele, Washington State University	Gene flow in Giant Salamanders
10:50-11:10 am		Discussion
11:10-11:30 am	Aimee McIntyre, Washington DFW	Van Dyke's and Dunn's Salamanders
11:30-11:50 am		Discussion
12:00-1:00 pm	LUNCH	
1:00-1:20 pm	A.J. Kroll, Weyerhaeuser	Inferential Issues
1:20-1:40 pm		Discussion
1:40-2:00 pm	Marc Hayes, Washington DFW	Overview of stream-associated amphibian studies addressing forestry practices
2:00-2:20 pm		Discussion
2:20-2:40 pm	John Richardson, UBC	Population dynamics and demography of stream-associated amphibians
2:40-3:00 pm		Discussion
3:00-3:30 pm	BREAK	
3:30-3:50 pm	Dede Olson, U.S. Forest Service	Headwater amphibian response to thinning with riparian buffers
3:50-4:10 pm		Discussion
4:10-4:30 pm	J. MacCracken, Longview Timberlands	Effects of forest canopy openings on stream amphibians
4:30-4:50 pm		Discussion
4:50-5:00 pm	Concluding Discussion	

Invasive Species Research and Management Symposium
Wednesday, February 18th

9:00-9:25 am	Invasive species in the Columbia Basin	Paul Heimowitz, USFWS
9:25-9:50 am	Aquatic nuisance species: Regulations and Responsibilities	Kevin Aitkin, USFWS
9:50-10:15 am	Salmon habitat restoration and invasive species management	Phil Roger, CRITFC
10:15-10:40 am	BREAK	
10:40-11:05 am	Impoundments as invasion hubs for non-native aquatic species	Pieter Johnson, Univ Colorado
11:05-11:30 am	Out-musseled? Protecting the Columbia basin through early detection and response preparedness	Paul Heimowitz, USFWS
11:30-11:55 am	Shipping Transport of Aquatic Invasive Species: Ballast Water Management in the Columbia Basin	Rian Hooff, OR DEQ
11:55-1:00 pm	LUNCH	
1:00-1:25 pm	Flowering Rush: An invasive aquatic macrophyte invading the Columbia River Basin	Virgil Dupuis, Salish Kootenei College
1:25-2:10 pm	Current status of four invasive plant species in the Columbia River System	Lynda Moore and Vanessa Howard Morgan, PSU
2:10-2:25 pm	BREAK	
2:25-2:50 pm	Long-term monitoring and invasive species management at wetland mitigation and restoration sites	Fred Bergdolt, WSDOT
2:50-3:15 pm	Mechanisms behind the successful invasion of bullfrogs (<i>Rana Catesbeiana</i>) in the Northwest U.S.	Tiffany Garcia, OSU
3:15-3:40 pm	Report on Nutria management and research in the Pacific Northwest	Trevor Sheffels, PSU
3:40-3:55 pm	BREAK	
3:55-4:20 pm	Integration of an introduced consumer into an estuarine food web: direct and indirect effects of the New Zealand Mudsnaill in the Columbia River estuary	Val Brennis, UC Davis
4:20-4:45 pm	Non-indigenous species of the Pacific Northwest: an overlooked risk to salmon?	Beth Sanderson, NOAA
4:45-5:10 pm	The Silent Invasion: an Oregon Field Guide Special	Ed Jahn, OPB

Long-term Ecological Research Symposium
Wednesday, February 18th

9:00-9:10 am	Angela Battazzo, Washington DOT	Introduction
9:10-9:35 am	Daniel Varland, Rayonier	Peregrine Falcons
9:35-10:00 am	Marc Hayes, Washington DFW	Oregon Spotted Frogs
10:00-10:30 am	BREAK	
10:30-10:55 am	Thomas Bloxton, U.S. Forest Service	Marbled Murrelets
10:55-11:20 am	R. Bruce Bury, U.S. Geological Survey	Western Pond and Western Painted Turtles
11:20-11:45 am	Stan Sovern, U.S. Forest Service	Northern Spotted Owls
11:45-12:10 pm	Dan Rawding, Washington DFW	Steelhead
12:10 pm	LUNCH
